Comment

- My Github technology home page: <https://github.com/qg570850096>
- Strong self-learning ability, Studied golang and python by myself, then got the third prize of Wenquan School Cup of Huawei Cloud as the only one that's not 985 or 211 group.
- Can resist pressure , Besides getting scholarships and playing competition, I am also a businessman in games, so I often stay up late sorting out files of excel.
- good communication skills, I had the best effect of docking campus activities with Huawei Cloud and been invited to visit Huawei.
